

Quality Policy

DANWOR provides consulting services in analytical systems to support business decision-making and process planning.

The organization leverages cutting-edge tools and technologies, implementing analytical solutions that enable accurate, knowledge-based and data-driven planning and decision-making.

With over 100 projects implemented in Argentina, Latin America, and Europe, we have become a leading company in the field of Analytics.

Through the implementation of analytical solutions, we have helped our clients gain valuable insights and make strategic decisions that have transformed the direction of their businesses.

Our reputation is built on the quality of our work, the reliability of our services, and the satisfaction of our clients.

OUR PURPOSE

To be a forward-thinking organization recognized globally for its commitment to excellence in quality and the value delivered through its services, standing out for customer satisfaction and a focus on employee well-being.

OUR VALUES

Empathy: The ability to put oneself in another's shoes and understand their perspective, striving to see each situation through their eyes.

Integrity: Acting consistently with one's words and actions, always upholding honesty and truth.

Humility: Listening to and valuing the opinions of others, recognizing that we can always learn from those around us.

Commitment: Fulfilling promises and responsibilities, prioritizing agreed-upon tasks and being accountable for our actions.

Teamwork: Actively collaborating with others, offering help without expecting anything in return, and being open to receiving support when needed.

We are committed to achieving the satisfaction of our clients and stakeholders. To do so, we focus on the continuous improvement of our quality management system and on meeting all applicable requirements related to our activities and processes, including those defined by the stakeholders identified by the organization.

Our **Quality Policy** is a fundamental part of this commitment. It is reviewed regularly to ensure its relevance and is communicated transparently and effectively to all stakeholders, including clients, employees, and suppliers.

CO-Founder & CEO (Brian Jawor)
